

Creative Fluid Art Workshops

at your business

Targeted to beginners, these fun-filled, highly interactive workshops offer a fun and relaxing way to learn and socialise.

WHAT IS FLUID ART?

Also known as paint pouring, fluid art is a form of abstract art that uses acrylic paints with a runny (fluid) consistency designed to flow across a canvas.

The acrylic paints and medium react with each other when combined together to make interesting and visually stunning effects.

ABOUT THE TEACHER

Located in the Illawarra region, Karen Wickham is a Graphic Designer, Abstract Artist and Fluid Art Teacher.

Karen fell in love with painting abstract art in early 2018. Her love of creativity, colours and expressing emotions through art, led her to begin teaching Fluid Art to participants. Fluid Art has brought relaxation and calmness to her life and she hopes she can pass this enjoyment onto her students.
